

# Cannons Creek Independent School

## How does your school use Mobile Guardian?

Mobile Guardian works seamlessly throughout our organisation which includes both Chromebooks and iPads. The control and rollout of apps to our iPads is easy to manage and the screen monitoring feature for our students with Chromebooks is a useful and necessary tool to have in an educational environment.

Devices: iPads + Chromebooks

Total Devices: 170

## What stands out about your experience?

The location feature has been a lifesaver when tracking down a missing device. Support is always helpful and they explain things in a way that isn't too techie but understandable.

## How long have you used Mobile Guardian?

For over 2 years.

## What is your overall experience with Mobile Guardian?

As an educational institute, we rely on Mobile Guardian to keep our pupils' online experience a safe one without exposure to inappropriate content. We have enrolled our devices on the management system and deploy and remove apps from the iPads in one convenient place as well as syncing updates automatically. We have been very happy with the ability to monitor the pupils' online activities.

### Our Report Card

*"Mobile Guardian is the best mobile device management solution."*

J. Cripps  
Deputy Principal

## About Mobile Guardian

Purpose-built for education, Mobile Guardian is a cloud-based, easy-to-use solution that helps schools safeguard students online, no matter where they are. It offers classroom management tools, secure web-filtering, mobile device management, multi-school management and linked parental controls. Mobile Guardian supports Android, Chrome OS, iOS and macOS devices and is used by schools in North America, the United Kingdom, Asia, Europe and the Middle East.
